

2015 Investor-Owned Supply Chain Forum May 20-21, 2015

The Investor Owned Supply Chain Forum will take place on May 20-21, 2015 at the Renaissance in Nashville, Tennessee. The forum will focus on investor owned hospital systems. Attendees will hear from a diverse group of IDN executives about the challenges and issues they experience in today's environment as well as how suppliers can work more effectively with each organization. The meeting will also include a look into value analysis from the provider's perspective.

Throughout the meeting, attendees will hear current, case-study information focused on:

- The World of Value Analysis
- Understanding IDNs - an intimate look at three healthcare organizations
- An in-depth look into a prominent IDN
